If all the players can't make it to the first game on time, they will be marked to the team but they still have to do the registration when they arrive.
- **A player can only play in one team and only in one division. If there's rule violations the player will be removed from the team and the tournament. Also all the games played before violation will be refereed to 5-0 defeats (loss) of the violating players team.**
- **Remember! In the junior division (born 01-05) all players must have protecting glasses! You can play with eyeglasses but we are not responsible for refunding broken glasses. In adults divisions protective glasses are not mandatory but recommended.**
- **In junior divisions (born 01-05) all players must prove their age, so take your ID with you. In this division the whole team gets removed from the tournament if organizers find that there is an overaged player in the team. Tournament organizer is responsible for possible exceptions.**
- Using intoxicants is absolutely forbidden in this tournament! The organizers will breathalyze during the tournament. **Snus is also intoxicant! Rude rule violations or repeated unsportsmanlike behaviour will lead to whole team getting removed from the tournament!** And all the games played before violation will be refereed to 5-0 defeats (loss) of the rule violating team.
- Organizers and referees will always make the last decision about any issues or problems. General line is that there are no exceptions to the rules.
- During the tournament the referees word is the law. We recommend all the players to get to know the rules of floorball in advance. Referees will make judgements considering that this is an amateur tournament.
- If the team for some reason decides to stop their tournament and isn't going to play games that are left, they must immediately let the bookkeeper know. Rule violation in this case will have consequences.
